

In your opinion, who's hotter?

Oliver — OR — Toby

G'day, everyone!

It's freezing in Perth at the moment. I know it's winter, but it's been crazy cold (like don't ease us into the freezer, just chuck us in while we're still wearing our summer frocks)! It seems to have gone straight from hot to cold. Not a lot of in-between to help us adjust! I sound like a sook, but I don't like being too hot or too cold! lol

Second Chance Summer has been released since my last newsletter! Woo hoo! Readers are falling in love with Toby, Cassia, and Poppy which is exactly what I wanted. If you've been kind enough to leave a review, I'm forever thankful for your support. *Did you know when a book reaches fifty reviews on Amazon, they actually begin to suggest your book to new readers?* That's a huge help to any author, especially a newbie like myself.

So thanks for your review, they really do help!

**With the release of *Second Chance Summer*,
the Summer Twins are now complete!
Feel free to binge-read to your heart's content!**

My second series, **Kisses**, is on its way. This series is a spin-off from *The Summer Twins* and features some of the characters you've already come to know and love.

At this point, I have stories planned for:

- Roman (*Forever Kisses* – he cares for the kids at the shared house where Kate volunteers);
- Emma (*Stolen Kisses* – Kate's friend and colleague at Northwood Elementary);
- Shane (title TBD – Toby's friend and bodyguard); and
- Jase (title TBD – Oliver's assistant).

Roman's story, ***Forever Kisses***, is the first to be released and can be found in the [Suddenly Forever Anthology](#) for a limited time!

Forever Kisses

(a novella)

Can people in their forties find long-lasting love and secure their happily ever after?

Roman

At 45, I thought I'd missed my chance at love and happily ever after.

While on vacation, I took a chance on a stranger I met on the beach. I connected with her in ways that I'd never connected with another woman before.

Now she's here, in my life, and I'm not letting her go.

Alice

At 47, I thought I'd had my one chance at love and happily ever after.

While on vacation, I stepped out of my comfort zone with a man I'd only just met. I behaved in ways so far removed from who I am in my daily life and it was exhilarating. He made me feel like a woman. A *desirable* woman.

Now our worlds have collided. What will he think about the woman I really am?

This is the first book in the Kisses series, a spin-off from The Summer Twins series. While this is a stand-alone title, we first met Roman in Loving Summer. For the best reading experience, it is recommended you read Loving Summer first; however, it's not essential for the enjoyment of this story.

An over 40 romance. Suitable for readers 18+. Stand alone. 20K+ words. HEA.

This charity anthology includes ten novelettes for you to fall in love with!

From bad boys to the lone rancher, it's never a dull moment living the single life. That is until you find yourself suddenly married. From love at first sight, friends to lovers, or perfect strangers making a deal, they all end the same with two little words, "I Do."

Ten authors have come together, along with cover designers, and editors to produce a high-quality anthology to raise funds to support Ava Campbell and her family after they experienced a horrific accident in December 2020.

All proceeds will be donated to the Campbell family to help support them in their ongoing recovery.

Yes! I want to help the Campbell family.

Current Projects

I'm currently writing ***Stolen Kisses***, featuring Emma and her sexy new neighbor, Theo. I recently shared a snippet in my reader group, which had members reaching for their tissues, so be prepared!

You'll remember Emma is a single mom to two boys, Lachlan and Austin. Being a mum of two boys myself, I have first-hand experience of what it's like to live in a house of boys! It can be messy, loud, and gross but most of all loads of fun!

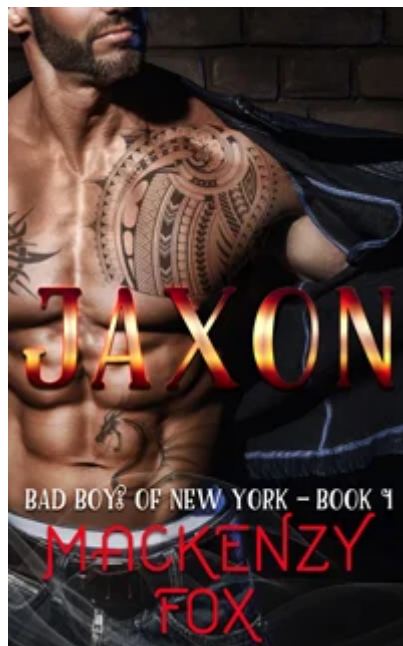

When we first meet Theo, he's only recently (as in six hours recently) taken over the guardianship of his four-year-old niece, Charli. He has a lot of learning to do and issues to deal with.

Emma's siblings are already shouting at me to have their stories written, so be prepared for their stories down the line!

You might like to join my reader's group, **Deb's Bibliomaniacs**, so you don't miss out on any snippets. ;)

JAXON

Bad Boys of New York Book 1

Jaxon is every shade of wrong and a whole lotta right. When billionaire businessman John James hires Jaxon to guard his daughter, rich and privileged Morgan James, Jaxon's high school crush, things go from bad to worse. He thinks she's stuck up and spoiled, she thinks he's arrogant and rude, together they may just take enemies to a whole new level.

Jaxon:

She's feisty. She's gorgeous. She likes to play games. What Morgan doesn't know is that I make the rules and only I get to break them. She can act all prim and proper and have her nose stuck in the air but one thing she won't do is break any links in my well-guarded armor.

I've been ordered to protect her, keep her safe, keep everyone at bay and I'll do my job, the question is, can I keep my dirty hands off her? The only woman who's forbidden and knows just how to get under my skin.

Morgan:

He's bad. He's got attitude. He puts all other men to shame. The last time I saw him was 14 years ago and so much has changed. He thinks he can boss me around. He thinks I have to do what he says, well Jaxon Westbrook can think again. I'm no push over and I don't take orders from him. He may be my bodyguard but I'm still the one calling the shots. He works for *me*. Even if my heart races and my body aches every time he's close, I won't let him see how he affects me. It's my secret. I'll win this battle.

I'll weather the storm, if it's the last thing I do.

Closing on Love

Oak Springs Book One

He's the one man she can't have.

She's the one woman he can't stay away from.

Manipulated by her controlling ex into one last family gathering, Kate Miller's bad luck is just beginning. As if crashing her car and ending up in the arms of her ex's estranged and extremely sexy younger brother wasn't bad enough, her boss has given her an ultimatum—push through a development deal with a stubborn small-town mayor or lose her job.

Searching for a place to call home away from his status-loving family, Mayor Peter Bradbury found it in the small town he's come to love. A weekend spent with his family only makes him more grateful than ever for the escape he's found, no matter how distracting his brother's ex, Kate, might be. When she shows up representing the developer trying to change his beloved town, Peter is prepared to bury his growing feelings for her in order to save his town.

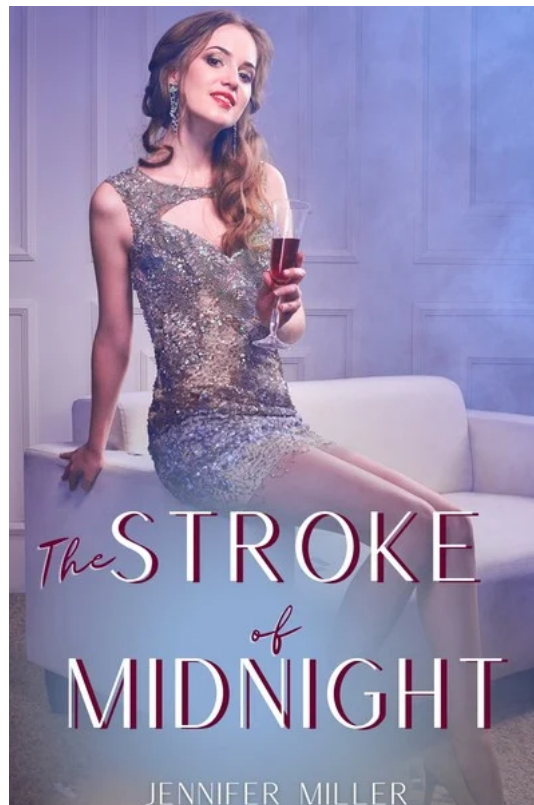

Kate is certain she can convince Peter to see her company's vision for the town, while Peter is determined to prove to her that Oak Springs is perfect the way it is. But somewhere along the way, the line between business and pleasure blurs.

Will they continue to deny their feelings for one another, or give in and close the deal on love?
