MODERN *Sexy* ROMANCE

G'day, !

I hope you're doing well. We're celebrating my youngest son's 17th birthday today and I can't believe my baby is 17! It's unreal how fast the years have gone by.

I would like to take this opportunity to thank you for signing up to my newsletter and for sticking with me. If it weren't for you guys, there would be no reason to write my stories. I truly appreciate each and every one of you.

So ...

I did something last weekend. Something I never thought I'd do. Along with Kylie Kent, Siân Ceinwen and Bree Porter, I attended a market in the hills of Perth. We had a little bit of interest and I was blessed enough to actually sell a couple of paperbacks. People even wanted me to sign them! Can you believe it? It was such a great experience, that we're going back next month.

Onto the really exciting news. It's only three weeks until **Stolen Kisses** is released into the wild!

Eeek!

Early, early feedback has been incredibly positive which has been such a huge relief. This book tested me in many ways. It was a balancing act to ensure I correctly portrayed the issues Emma faced while still writing a compelling story that would keep you turning the pages.

If you're interested in reading it before everyone else, I still have a couple of ADVANCE COPIES available in exchange for an honest review.

 **Book Booty**

Bracken Ridge Arizona, where the Rebels M.C. rule and the only thing they ride or die for more than their club is their women, this is Colt's story.

**Colt:**

She's the raven-haired beauty with beautiful eyes that could render any man to his knees with one glacial stare. The sight of her hurt, vulnerable, scared...it makes my heart thunder. I want to avenge her. I want to keep her safe. I want to keep her for myself, even when I know the waters surrounding her are deep and perilous. It doesn't make me want to stop, it makes me want to end anyone who did her wrong, every single one of them, that's if her dark soul doesn't torture me and put me out of my misery first.

**Cassidy:**

I feel his presence before he speaks. His voice deep but soft, it washes right through me like a comfort blanket. It shouldn't be familiar. I shouldn't cling to him, it's wrong, he may have rescued me from a dire situation, but that is no excuse to dig my heels in. The trouble is, I can't help it. He's strong, masculine, hot as sin, and I can't help the feelings awakening in me whenever he's around. I wish I could, but I can't seem to stop, and it could be my final undoing.
