MODERN *Sexy* ROMANCE

G'day, !

I'd like to start this newsletter by saying Romance Rocks! This last week has seen four of the top five books in the entire Amazon store written and published by indie romance authors. An incredible feat and one to be proud of. The quality of the work rivals that of traditionally published authors and the ladies are doing all of the hard yards on their own. Queens! All of them!

Max and Molly's story is coming along nicely. I'm over the halfway mark now and I think you're going to fall in love with these two. I still haven't finalised a name for the book yet. This is the first time I've struggled to name one of my books. I think I'll do a poll in my reader's group soon to see if that helps me!

In case you're not in my reader's group, here's a little taste of Max.

Max is a bit of a hot one!

Are you on TikTok? I am and I have to say that I can literally lose hours of my day watching 30 second videos! I'd love to be friends!

I've been trying to post regularly and I posed a question to the good people over there.

Let me know if you agree: Exposed forearms turn up the heat. Am I right?

## **ALCOHOL YOU LATER**

They say to never meet your heroes... but what's the rule on falling in love with them?

Raven Winters has been infatuated with Nicholas Potter since the day she tacked his poster to her bedroom wall. So, when she discovered the famous drummer was her college roommate's cousin, it seemed the stars had aligned.

Their attraction was instant, and their chemistry explosive. Unfortunately, Nick wasn't ready to abandon his rock star lifestyle.

Over the years, she's become his best friend—with benefits—and favorite source of telephonic relief when the

groupies backstage weren't quite what he was looking for. Those late-night drunken calls kept her holding onto hope.

But all that patience is about to pay off—why else would he invite her to join him on tour, if not to finally confess his feelings?

Too bad, the universe has other plans. It looks like drummer boy's reckless lifestyle has finally caught up to him—and Raven's the one stuck toting the diaper bag.
