MODERN *Sexy* ROMANCE

G'day, !

Life seems to be flying by at a rate of knots for me and I just want it to slow down. Both of our sons have significant milestone birthdays coming up with our youngest turning 18 in November, while our eldest turns 21 in August. For those of you who live in America, once my baby turns 18, he's legally considered an adult and can go to pubs and bars and drink. He's looking forward to it and his older brother is keen to show him the ropes. I may never get a proper night's sleep again!

I've spent the past three days at the Every Woman Expo here in Perth and it was amazing to meet so many new people. I'm exhausted but incredibly pleased to have put myself out there. You see, I'm quite the introvert, so this was mammoth for me. I think I'll spend the next week recovering and hiding from people. lol

Moonlit Kisses has been out in the wild for 19 days and I've been thrilled with the reviews I've been reading. More often than not the Hero gets all of the attention from readers, because let's face it, we all love our book boyfriends, but it's been wonderful to see that readers have also fallen in love with Molly. Max and Molly have been getting equal love and that makes my heart so happy.

I have exciting news!

The Summer Twins have finally been brought together under one cover! This is where your **extra bonus** comes in. When I decided to combine the two books along with each of their bonus epilogues into one omnibus I thought it was only fitting to write a fresh bonus epilogue for you guys. Well ... it ended up being more than 16k words. lol

Anyway, there's a link in the back of the duet to the new bonus epilogue for your reading pleasure. However, I understand for those of you who have already purchased or read both books, that you probably won't want to buy or read the duet again. So ... if you can show me proof of purchase/read in KU and send it to me, I'll send you the link for the new bonus epilogue because I don't want you to miss out.

You can email your proof to **debrastjamesbooks@gmail.com** and I'll send you the link!

The Summer Twins

Loving Summer & Second Chance Summer

The Summer Twins are steamy, contemporary romances which introduce you to the Summer Family. Men you would love to have as your own, and women you'd love to have as friends. If you like low to medium angst, some laughs, a good plot with open-door spice, and happily ever afters, this series is for you!

Loving Summer | Book One

Kate Summer

Spending my free time volunteering and looking after my elderly neighbor doesn't leave much time for a relationship, but I don't mind—it makes me happy. Past relationships have eroded my trust and shown me it's always better to focus on everyone else's happiness.

... until Oliver.

He's the hottest, most generous man I've ever met. He sees something in me no other man ever has before. I can't forget him, and I don't understand why, because he's way out of my league.

Can I move beyond past hurts to have a future with him?

Second Chance Summer | Book Two

Toby Summer

I've wanted to be the one to kiss Cassia Phillips since I was sixteen years old. Her chestnut hair and graphite-colored eyes, along with her pouty lips and sexy curves, have been the highlight on my fantasy reel.

I was my own worst enemy back then. Too shy and socially inept to have the courage to go after the girl.

Ten years later, I'm successful beyond my wildest dreams, my self-confidence is stronger than ever, and I won't let anything get in the way of my second chance to have something with the woman of my dreams.

Can I convince Cassia to open her heart to me?

Author
T. Maree

There are a lot of authors that I respect and admire in this industry. I love their work and/or I admire them for what they have achieved. We all have our unicorn authors and T. Maree is one of mine. T. has been writing for a long time and it's evident in the way she crafts her characters and her stories. I honestly cannot praise her work enough.

If you were paying attention in ***Moonlit Kisses***, Rhonda was swooning over Jake Normanton from the Leah Reynold's series. And while I'm sharing this series with you because I think everyone should read it, Jake Normanton is MINE! I saw him first and I licked him. ;)

The Leah Reynold's series will be five books once it's completed on August first. The series has an overarching storyline which follows Jake Normanton and Leah Reynolds as they navigate their personal histories and their changing relationship, which sees them moving from friends to so much more. In each book, the two partner up to solve a disturbing crime in their small town.

T's story writing has you turning the pages faster than you can keep up and rooting for Jake to finally get the girl! If you like a little romance with your suspense, this series is for you.

Mark your calendars!

To celebrate the release of the final book in the Leah Reynolds series, each of the previous books will be going on sale during the month of July.

Sins of the Blood

Leah's life was about to come full circle.

This was her chance to finally break the pattern and put an end to the bloodshed.

Jason Bourke was back.

And he was coming for her.

Growing up with Jason, even after we escaped, I think I always knew it could only ever end one way.

Despite the lies I told myself, despite the way I tried to live and the goals I tried to have.

Even with the momentary taste of freedom I'd experienced... there was only ever going to be one outcome.

I'd been living on borrowed time, but the clock had run out.

The cards were on the table and the inevitable had finally caught up to me.

In the end... it was never going to end any other way for me.

And deep down...

I'd always known it.

That Girl

That Girl is the winner of the Chesapeake Romance Writers 2021 Rudy Award for

Romantic Suspense and a Contemporary Romance Writers 2021 Stiletto Finalist!

I was that girl; the one from a broken home who lived on the poor side of town. He was that guy; NFL football quarterback and Mr. Popular. He told me he would never leave. He lied. Now he's back. But I'm not that girl anymore.

Aurora St. Claire is that girl. The one who excels at academics. The one from a broken home who lives on the bad side of town. The one with an alcoholic mother who couldn't care less if she existed. The one with an abusive older sister who would give her bruises instead of hugs. The one who keeps to the shadows, trying not to be seen.

Sometimes the best families are the ones you create, not the ones you are born into. Aurora never knows what a true family is like until she has one suddenly thrust upon her at the age of eighteen. It takes a single revelation from a stranger to change her life forever.

Then, JD Hallstead comes barreling into her life. He is everything she never thought she wanted, but everything she craves. That is, until the day he destroys her and leaves her heart to burn to ashes in his wake. What is the adage? The flip side of love is hate. Well, her hate burns bright, and it has a name: Jackson Dillon Hallstead.

JD Hallstead is that guy. The one who is Mr. Popular and Quarterback King of Highland High. The one voted class president and most likely to succeed. The one who girls go crazy over and guys want to be. The one with a controlling, abusive father who will go to any lengths to keep his son in check. The one with the secrets.

Aurora is the girl JD has secretly crushed on for years. It takes a friend's tragic death to bring Aurora and JD together. It takes JD's secrets to tear them apart. Aurora tells JD everybody leaves. He promises her he never will.

He lied.

Now, JD will do anything, fight anyone, give up everything, to get Aurora back. Aurora said JD broke her heart. Who better than him to put it back together?

But the thing about secrets is that they always come back to haunt you. The question is: How far will JD go to protect the woman he loves before those secrets destroy them all?
